

Test and Tune at the Altona Airport, Sunday, July 21, 2014

It's a big job, getting glue on the track, and last year, we had fewer people than the year before attending. This year we are only scheduling this one, and ask that as many people come out as possible, as we will be doing the total glue and track prep. Good participation will show us that we should do this again.

Street tires are allowed, and don't have to pay the \$50 glue fee, but if you are running slicks, that is what we've charged in the past to cover our costs. Your Associate Membership is an additional \$30 which gives you liability insurance. If you are an existing paid up member, you don't have to pay twice. All membership fees are based on the calendar year.

The Airport opens at noon, not before, and we expect to be racing by 1:00 PM. Members and their immediate families are allowed, but this is not open for the general public. We would prefer that you pre-register so we know how many are coming by either texting, 204 324-7569, or emailing dee@mymts.net.

As soon as you arrive, you must register in the Club House, have everyone in your group sign a waiver, and then you will be shown where to park. We have washroom facilities only in the Clubhouse, and no other services are available. Bring your lawn chairs to sit on.

The usual no alcohol or drugs rule applies. See you there.

The Drag Race Committee.
